

Cemetery Trustee Minutes 4/13/22, 10 AM

Meeting called by Bill a week early as we need to discuss the hiring of a person to do the mowing and maintenance of our cemeteries. We put an ad in the Shopper and also the Andover Beacon. So far, we have had no response from the ads. We do have two estimates to consider but were hoping for a third.

Members present at the meeting were Bill Keyser, Jim Reed and Beth Frost.

Bill reported that Bill Partridge from Salisbury will trim the hedge at Proctor Cemetery this week. Bill plans to open the cemeteries this week also.

Near the Batchelder Cemetery (off Old College Rd) down in the woods, there are two stones tipped over. The man who lives off the grid at the end of that road, Joseph Bonanno, told Bill that he could take his tractor to put the stones back up where they belong. Bill told him it would be okay to do that. Mr Bonanno would like a letter from us stating that he has permission to do this. Beth will type up a letter and give it to Bill to deliver.

We need to get someone started on the cemetery clean up soon and will have to make a decision on who to hire as soon as possible. The cemeteries all need attention, but the bigger ones and roadside ones need to be done first.

Meeting adjourned at 11 AM.

Respectfully submitted,

Beth Frost, Sec'y
